Hiring Manager

IndiGo

India

Dear Hiring Manager,

I am excited to apply for the **Full Stack Developer** position at IndiGo. As a passionate software developer with 3 years of experience in building scalable and efficient web applications, I am eager to bring my expertise in React, Next.js, Node.js, and Go to contribute to IndiGo's innovative digital solutions.

In my current role at **Axeno**, I have successfully:

- **Developed and maintained scalable web applications** for diverse industries using modern technologies like React and Node.js, ensuring optimal performance and user experience.
- **Led a team of 3 developers**, mentoring junior engineers and ensuring code quality through peer reviews and agile best practices.
- **Collaborated with cross-functional teams**, streamlining communication with stakeholders and delivering solutions aligned with business goals.
- **Modernized legacy codebases** while integrating CI/CD pipelines to accelerate deployment cycles.

Beyond technical proficiency, I am deeply committed to creating clean, test-driven code and continuously enhancing my skill set. I take pride in my ability to adapt quickly to new challenges and technologies, making me an effective contributor in fast-paced environments like IndiGo.

IndiGo's commitment to innovation and excellence in the aviation industry resonates strongly with my professional ethos. I am particularly inspired by your focus on delivering seamless digital experiences to customers, and I am eager to contribute to these initiatives by leveraging my full-stack development expertise.

I have attached my resume for your review and would welcome the opportunity to discuss how my skills and experience align with your team's needs. Thank you for considering my application, and I look forward to the possibility of contributing to IndiGo's success.

Sincerely

Deepak Sharma
